

# Dr. Sybil Brown

## WHERE CAN MATH TAKE YOU?

### EVERYONE CAN BE A SCIENTIST

*"Failure is not an option. If it was, you wouldn't have that device in your hand that allows you to stay in touch with your friends. Anything worth having is worth working for! Be resilient!"*

*-Sybil Brown-*

### *Did you know?*

Math can take you to THE BIG careers! (THE BIG = teaching, higher education, business, industry, and government.)  
It is also a lot of fun!

---

Dr. Sybill Brown is the STEM Coordinator at Northland Highschool. Dr. Brown uses the passion she developed for math at a young age in her work with the STEM Club at Northland High School and the Northland STEM Parents Association.

---

Dr. Sybil Brown has a degree in Electrical Engineering from University of Florida and was the first Black female to earn a PhD in Mathematics Education from The Ohio State University. Her intrigue with science began as a little girl who often took apart radios and tinkered with the wires inside to see how things worked.
